

**FEIN. Unverwüstliche
Elektrowerkzeuge.**

Extremely powerful – the 14 / 18 volt cordless drill/drivers.

Optimal cutting speeds and high torque for perfect drilling and screw-driving results.

The most powerful FEIN cordless drill/driver – from the inventor of power tools.

For over 120 years, FEIN has set high standards when extremely reliable power tools are called for in trade and industry. From the invention of the first power drill in 1895, the first FEIN screwdriver in 1925, to milestones such as the two-speed power drill and the MULTIMASTER, FEIN has developed application solutions that stand for quality and performance.

FEIN continues this tradition with the 14/18-volt cordless drill/drivers: With 20 models and a unique range of batteries, FEIN underlines their expertise and experience in the production of professional power tools.

Cordless drill/driver ASCM QX

The highest performance FEIN cordless drill/driver with brushless motor, 4-speed gearbox and interchangeable chuck.

from page 4

Cordless drill/driver ASCM

The highest performance FEIN cordless drill/driver with brushless motor and 4-speed gearbox.

from page 4

The invention of the world's first power tool. In 1895, FEIN combined the hand drill with electric motors.

This drill was awarded a patent for the casing: Built of plastic, it serves as insulation.

FEIN developed the AccuTec for industrial volume production – guaranteed accurate and repeatable connections.

Cordless hammer drill/driver ASB

The versatile FEIN cordless drill/driver for demanding drilling and screw driving in all materials.

from page 8

Cordless drill/driver ABS

The compact FEIN cordless drill/driver. Lightweight and extremely durable.

from page 8

Cordless impact wrench ASCD

The extremely robust FEIN cordless impact wrench. Short, lightweight design with powerful 2,212 in/lbs (250 Nm) of torque.

from page 10

FEIN 4-speed drill/driver – the most powerful cordless drill/driver.

The ideal relationship between battery, electronics and motor makes the ASCM the most powerful FEIN cordless drill/driver. The brushless FEIN PowerDrive motor impresses with its outstanding service life and 30% greater efficiency than comparable DC motors. The electronic torque cut-off ensures

high repeatability and the FEIN li-ion batteries with SafetyCell technology prevent damage from overloading.

The result; more power, greater precision, and more screw connections without charge!

Interchangeable chuck and bit holder (ASCM QX)

- ▶ Bit holder reduces weight by 0.4 lbs (200 g).
- ▶ Practical, one hand operation.
- ▶ Powerful neodym magnet.

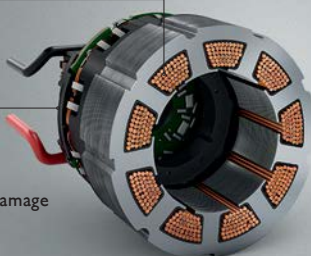

4-speed gearbox

- ▶ High speeds up to 3,850 rpm enable precise, fast drilling.
- ▶ High torques up to 796 in/lbs (90 Nm).
- ▶ Drive 3/8 x 15-3/4 in (10 x 400 mm) screws without pre-drilling.

Exceptionally high copper content
for increased power and overload capacity.

Intelligent control electronics
for protection from damage due to overloading.

Extremely powerful, sintered neodymium magnet
for consistently high performance.

3/8 in (10 mm) drive shaft
for extreme robustness and torsional strength.

FEIN motor expertise

- ▶ Practically wear-free.
- ▶ 2x longer service life.
- ▶ 30% more efficient.
- ▶ 100% more endurance per charge.

Metal chuck

- ▶ Fast action chuck with spindle lock.
- ▶ Carbide jaws grip drill bits firmly.

FEIN brushless PowerDrive motor

- ▶ Extremely powerful thanks to high speeds up to 28,000 rpm.
- ▶ Large 1-7/8 in (48 mm) motor diameter for high torques up to 796 in/lbs (90 Nm).

You can learn more about **FEIN motor expertise** at our website: feinus.com

FEIN battery technology

Every FEIN cordless drill/driver is available with:

- ▶ 5 Ah or 2.5 Ah.
- ▶ 18 Volts or 14.4 Volts.
- ▶ SafetyCell technology.
- ▶ Charge indicator.
- ▶ 3 Year guarantee for battery and charger.

Screw driving and drilling – combined perfectly in one machine.

Thanks to the patent-pending 4-speed gears, the correct speed and matching torque are always available for every application. With up to 3,850 rpm, the powerful 4-speed gearbox guarantees fast work progress and maximum precision when drilling.

The largest screw driving tasks are also mastered effortlessly. With a maximum torque of 796 in/lbs (90 Nm) and the powerful 18 Volt battery, even $\frac{3}{8} \times 15\text{-}\frac{3}{4}$ in. (10 x 400 mm) screws can be driven without pre-drilling.

Tip

The optimal cutting speed for every hole diameter.

4 gears always provide the correct speed for the hole diameter and material. For example, 2,000 rpm for an 5/16 in (8 mm) hole in steel with a TiN-coated drill.

1. Determine the cutting speed based on material and drill.

HSS drill
Structural steel:
98-131 ft/s (30-40 m/min)
Stainless steel:
22-39 ft/s (7-12 m/min)

TiN coated HSS
Structural steel:
131-164 ft/s (40-50 m/min)
Stainless steel:
33-49 ft/s (10-15 m/min)

2. Determine the gear based on cutting speed and hole diameter.

Hole-Ø	Cutting speed ft/min (m/min)				
	33 (10)	66 (20)	98 (30)	131 (40)	164 (50)
5/64 (2)	3. gear	3. gear	4. gear	4. gear	4. gear
5/32 (4)	2. gear	3. gear	3. gear	4. gear	4. gear
1/4 (6)	1. gear	2. gear	3. gear	3. gear	3. gear
5/16 (8)	1. gear	2. gear	2. gear	3. gear	3. gear
3/8 (10)	1. gear	2. gear	2. gear	2. gear	3. gear
1/2 (12)	1. gear	1. gear	2. gear	2. gear	2. gear

Weight	from 3.75 lbs (1.7 kg)		from 4.2 lbs (1.9 kg)	
Price includes	1 Cordless drill/driver, 2 Li-ion batteries (5 Ah or 2.5 Ah), 1 Rapid charger ALG 50, 1 Handle with 18 Volt model, 1 interchangeable chuck / separate bit holder with QX model, 1 Plastic tool case.			

* 3/16 x 1-9/16 in (4 x 40 mm) wood screws in softwood.

Carbide hole saws

Drilling large hole diameters in 1st or 2nd gear. Torque setting 15 provides additional safety when stalling.

Perfect cutting speeds

The optimal speed is available for every hole diameter, thanks to the 4-speed gearbox.

3/8 x 15-3/4 in screws

Even demanding screw connections such as 3/8 x 15-3/4 in (10 x 400 mm) fully threaded screws go smoothly without pre-drilling.

FEIN 2-speed cordless (hammer) drill/driver – compact and extremely durable.

The extremely reliable, powerful hammer drill/driver ASB and the drill/driver ABS achieve first-class results and optimum screw connection quality. The glass-fiber reinforced casings withstand

daily challenges in both trade and industry. Their outstanding ergonomics and very low weight are significant benefits that enable professional, efficient results while simultaneously reducing fatigue.

Technical specifications

Weight	from 4.2 lbs (1.9 kg)		from 4 lbs (1.8 kg)	
Price includes	1 Cordless (hammer) drill/driver, 2 li-ion batteries (4 Ah or 2 Ah), 1 rapid charger ALG 50, 1 plastic tool case.			

* 3/16 x 1-9/16 in (4 x 40 mm) wood screws in softwood.

Hammer function

The ASB's selectable hammer function enables fast, precise drilling in stone and masonry.

24 Torque settings

24 Settings plus drilling position – guarantee uniform insertion depths and prevent breaking of screw heads.

Lightweight and easy to use

Fatigue-free work due to the compact, lightweight design. Up to 750 screws can be driven per battery charge.

FEIN impact wrenches – extremely robust for tough jobs.

FEIN impact wrenches set new standards in the installation and removal of bolts, even in tough jobs. With their extremely compact design and 2,212 in/lbs (250 Nm) of torque, they are perfect for installation work, machinery manufacture, automotive assembly

and sheet metal, roofing and carpentry service work. FEIN cordless impact wrenches impress, due to unrivaled ergonomics, maximum efficiency and reliability.

Technical specifications

Model	Cordless impact wrench ASCD W2	Cordless impact driver ASCD W4
Technical features	<ul style="list-style-type: none"> ▶ 4-pole dc motor with overload protection. ▶ FEIN li-ion battery with SafetyCell technology. ▶ Up to 2,212 in/lbs (250 Nm) torque. ▶ 1/2" square drive. ▶ Compact design. ▶ Radial impact function. 	<ul style="list-style-type: none"> ▶ 4-pole dc motor with overload protection. ▶ FEIN li-ion battery with SafetyCell technology. ▶ Up to 1,398 in/lbs (158 Nm) torque. ▶ 1/4" Hexagonal mount. ▶ Compact design. ▶ Radial impact function.

Price includes	1 Cordless impact wrench, 2 li-ion batteries (4 Ah or 2 Ah), 1 rapid charger ALG 50, 1 plastic tool case.	

Compact design

Extremely compact and robust – thanks to lightweight, glass-fiber reinforced casing.

Torque up to 2,212 in/lbs (250 Nm)

Low recoil installation and removal of bolts with extremely high torque, up to 2,212 in/lbs (250 Nm)

Demanding screw connections

Minimum effort, even with demanding screw connections in, for example, timber processing.

The FEIN range of batteries – unique, reliable and extremely durable.

With the new cordless drill/drivers, FEIN offers a comprehensive range of cordless tools. The new FEIN 18 and 14.4 Volt li-ion batteries, which are available with 5 Ah or 2.5 Ah, form the centerpieces of this product range. The special advantage of the 2.5 Ah batteries; they are significantly lighter, smaller and very attractively priced.

All FEIN li-ion batteries feature the new SafetyCell technology. A separate communication link protects the battery and machine from damage through overloading. This makes FEIN battery technology durable and safe.
