

The new FEIN cross handle drill BOZ 32-4 M:

Powerful, precise, universal.

**The new BOZ 32-4 M from FEIN:
the universal drill for heavy-
duty drilling.**

NEW

**High speed stability for
maximum work progress**

thanks to the FEIN high-power motor
with tacho electronics.

Direct tapping

without the need for expensive
tapping tools thanks to forward/
reverse running.

**Torque slipping
clutch**

prevents the tool from
breaking in case of excessive
loads.

High feed forces

thanks to the cross handle.

**Outstanding
material quality and
workmanship**

Made in Germany.

**Ideal speed
increments**

thanks to the mechanical 4-speed
gearbox and electronic speed
reduction.

FEIN's range of cordless drills at a glance.

FEIN offers an extensive range of cordless drilling products.
From compact drills to core drills of up to 35 mm: the right tool
for every drilling job.

NEW

Rotary hammer drill

Core drills

Angle drill

The universal 4-speed drill with forward/reverse running for precise results from all twist drilling, tapping, countersinking and reaming work. Outstanding performance thanks to the FEIN 1800 W high-power motor for twist drilling up to diameters of 32 mm in metal and the mechanical 4-speed gearbox – optimum cutting speed and the right hole diameter guarantee the best results. Safe handling is ensured by the FEIN drill jigs and a continually high feed force is provided by the cross handle to deliver maximum work progress. Since it is made in Germany and displays the very best workmanship, the BOZ 32-4 M is an extremely tough construction.

Cover all types of application.

The FEIN BOZ 32-4 M covers all types of application, so is ideal for flexible use in the metalworking industry.

Areas of application

Twist drilling	✓
Tapping	✓
Countersinking	✓
Reaming	✓

Technical data

Model	BOZ 32-4 M	
Max. hole diameter in steel	mm	32
Max. hole diameter in stainless steel	mm	32
Max. hole diameter in light metal	mm	60
Tapping max.		M24
Max. countersinking diameter	mm	50
Max. reaming diameter	mm	30
Power consumption	W	1800
Power output	W	1100
Idling speed	rpm	60-140/95-220/135-310/210-480
Load speed	rpm	60-140/95-220/135-310/210-480
Torque at max. output power	Nm	75/48/34/22
Tool mounting		MT3
Clamp collar diameter	mm	65
Width across corners	mm	38
Cable with plug	m	3.15
Weight according to EPTA	kg	7.5
Order number		7 202 51 60
