FEIN WSG 7-115 4½" Compact Angle Grinder

NEW
WSG 7-115

The new compact and powerful design brings affordability to the line of FEIN angle grinders without compromising quality.

The NEW **WSG 7-115 4 1/2" Compact Angle Grinder** from FEIN packs the power and versatility of a larger angle grinder in a lighter, more ergonomic design. Its smaller grip size allows for better control and ease of operation while grinding for long periods of time. The WSG 7-115 has a powerful 760 Watt motor that is designed for maximum speed and torque under load. As with any high quality compact angle grinder, the WSG 7-115 has dust protection on all electronic components and with a longer carbon brush service life. FEIN angle grinders remove up to 30% more material. This not only allows for more efficient production, but the faster work progress also saves time and money. Professionals trust in durable FEIN quality.

Applications

flap disc

cut off wheel

grinding wheel
