By professionals for professionals: sheet metal processing tools from FEIN.

FEIN offers the right power tool for your application when drilling and screwdriving in metal: From all-rounders to specialised tools. You always work economically regardless of whether you take on jobs daily or just once a week.

Slitting shears

- ► Fast, precise cut.
- ► Cuts a spiral chip out of the sheet metal: so there are no chips on the workpiece.
- ► Reduced risk of injury and hardly any cleaning needed in the workshop.

Sheet metal shears

- ► Cuts directly through the material.
- ▶ No chip formation and no loss of material.
- ► Reduced risk of injury and hardly any cleaning needed in the workshop

Nibblers

- ► Extremely agile.
- ▶ Perfect for cornered cuts: the cutting direction can be adjusted through 360 degrees in 45 degree steps without the need for tools.
