FEIN Turbo: powerful, safe, mobile.
The new standard in dust extraction.
The air is clean: Create an unpolluted work environment.

When you hear about workplace hazards, dust is not necessarily the first thing that comes to mind. But working in a dusty environment represents a serious risk to health. FEIN Turbo vacuum cleaners offer HEPA fully certified units as well as matching connections for FEIN tools and adapters for many other devices, so you can keep the air and surroundings clean and dust-free while working. By the way, these powerful all-around talents effortlessly vacuum up both dry dirt and liquids.

Overview of the new FEIN Turbo premium class.

The FEIN Turbo premium class combines everything that you expect from professional cleaning tools. It also meets all the criteria for a FEIN power tool: a powerful turbine, large capacity and extreme durability.

The approved filter systems capture even the finest dust that is hazardous to health, promoting health in the workplace. Automatic filter cleaning enables long filter service life and efficient, uninterrupted and unencumbered work.

Proven filter technology

The high-quality filters are automatically cleaned by the AC AutoClean system and are easily accessed from the outside. The filters are moisture-resistant and can also be used for vacuuming liquids. So you can continue to work without conversion, reducing ongoing operating costs.

Exceptional suction performance

Some 254 mbar of vacuum and a 4,320 l/s flow rate at the blower ensure exceptional suction power. The infinitely variable speed control enables precise setting of the suction performance.

Easiest handling

The new tool case recess is suitable for all popular case systems. So the tool is always ready for use when you need it. The ergonomic push handle also makes transport easier.

Maximum agility

The large, non-marking wheels make the Turbo even more flexible and leave no trace. Due to the bumpers positioned above the wheels, the new vacuum can even be easily slid over stair treads. The 4 m long suction hose and the 7.5 m power cable provide a large operating radius.

Overview of the FEIN Turbo compact class.

Small, light and powerful: The FEIN Turbo compact class vacuum cleaners are the basis of effective dust collection and clean, unpolluted workplaces. These reliable and versatile vacuums are easy to operate, maneuverable, and extremely durable.

Whether chips, metal, dust, sand or liquids – FEIN Turbo compact vacuum cleaners are indispensable for daily professional use.

High effectiveness

98.4 static water lift (245 mbar) of vacuum and a 151 cfm (71 L/s) flow rate at the blower ensures powerful suction.

Easy handling

The practical, rimmed storage feature, the cable and hose hooks and a 13 ft long suction hose ensure mobility and maximum freedom of movement.

Extreme maneuverability

With large wheels that can be rotated by 360 degrees, you are ideally equipped with the Turbo, even in tight space conditions.

Always maximum performance: Turbo system accessories.

- **Cellulose flat pleated filter**
  - Nano-coated, preferably for use with dry dusts
  - Order number: 3 13 45 012 01 0

- **Suction hose**
  - Length 13 ft
  - Order number:
    - 1-1/16 in dia. 3 13 45 065 01 0
    - 1-3/8 in dia. 3 13 45 066 01 0

- **HEPA filter bag**
  - For abrasive dusts.
  - For Turbo II.
  - 3 pack
  - Order number: 3 13 45 130 01 0

- **Aluminum combination tool**
  - Electrically conductive, power tool end
  - Order number: 3 13 45 123 01 0

- **Tool coupling with suction control**
  - For attaching cable to suction hose, fits 1-1/16 and 1-3/8 in dia. suction hoses
  - Order number: 3 13 45 250 01 0

- **Cable holder**
  - 4 steps, to adapt to the required diameter with clip system
  - Order number: 3 13 45 119 01 0

- **Non-woven filter bag, premium**
  - Reinforced seams for fine and abrasive dusts.
  - For Turbo II/LX/MX.
  - 5 pack
  - Order number: 3 13 45 074 01 0

- **Upholstery nozzle**
  - With brush strips, 5-1/32 in
  - Order number: 3 13 45 117 01 0

- **HEPA flat pleated filter**
  - Special filter
  - Order number: 3 13 45 060 01 0

- **Extension hose**
  - Length 8.2 ft
  - Order number:
    - 1-1/16 in dia. 3 13 45 067 01 0
    - 1-3/8 in dia. 3 13 45 068 01 0

- **Repair kit**
  - Power tool end, fits 35 mm dia. suction hose
  - Order number: 3 13 45 071 01 0

- **Floor nozzle**
  - Convertible, with stainless steel sliding surface and bristles on all sides
  - Order number: 3 13 45 076 01 0

- **Tool coupling with suction control**
  - Power tool end
  - Order number: 3 13 45 073 01 0

- **Disposal bag**
  - Recommended for AC models.
  - 5 pack
  - Order number: 3 13 45 063 01 0

- **Accessory set for FEIN vacuum cleaners**
  - Consisting of: 2 metal suction tubes, 1 combination tool with interchangeable inserts, 1 crevice nozzle, 1 dusting brush, 1 elbow
  - Order number: 3 13 45 063 01 0

- **Step adapter**
  - 4 steps, to adapt to the required diameter with clip system
  - Order number: 3 13 45 071 02 0

- **Permanent filter**
  - Replaces non-woven filter bag.
  - For Turbo I / II
  - Order number: 3 13 45 064 01 0

- **Non-woven filter bag**
  - Holds 2-3 times more dust than paper filter bags, high tear resistance.
  - 5 pack
  - Order number: 3 13 45 066 01 0

- **Tool coupling with suction control**
  - Electrically conductive, power tool end
  - Order number: 3 13 45 123 01 0

- **Cable holder**
  - For attaching cable to suction hose, fits 1-1/16 and 1-3/8 in dia. suction hoses
  - Order number: 3 13 45 250 01 0

- **Step adapter**
  - 4 steps, to adapt to the required diameter with clip system
  - Order number: 3 13 45 119 01 0

- **Disposal bag**
  - Recommended for AC models.
  - 5 pack
  - Order number: 3 13 45 063 01 0

- **Accessory set for FEIN vacuum cleaners**
  - Consisting of: 2 metal suction tubes, 1 combination tool with interchangeable inserts, 1 crevice nozzle, 1 dusting brush, 1 elbow
FEIN Orbital Sander

FEIN offers the fastest and most aggressive orbital sander with the best results, removing 99% of dust and fine particles when coupled with any of the FEIN Turbo vacuums. The durable metal gear head and slim motor with carbon brushes allows for outstanding performance and handling. A wide eccentric travel allows for perfect finishing results in paints, wood, solid surfaces, plastic, fiberglass or metal.

**MSf 636-1**
